STATEMENT

I am currently running for the position of Secretary/Treasurer on the KCITE Board. I really appreciate the opportunity over the last year to serve in the Member Director position! We have successfully planned and implemented the following training sessions: Highway Capacity Training; Traffic Incident Man.; Bluetooth Tech. in Transp.; ADA: Overview, Legal Aspects & Field Workshop; Signal Timing Using Synchro and Street Lighting Design in Kansas City. We have had a lot of positive feedback regarding this training. If elected to the Secretary/Treasurer position, I will work hard to develop a proposed Chapter Budget, collect dues for Chapter meetings, training events and annual KCITE Dues, solicit sponsors, develop and transmit election ballots, provide voucher reimbursements and maintain membership contact information/form. I know this is a challenging position on the Board and I am up for meeting that challenge!
