7/2014 - Present	Traffic Engineer George Butler Associates Lenexa, Kansas

PROFESSIONAL REGISTRATION

Professional Engineer- Kansas, 2013

PROFESSIONAL MEMBERSHIPS

KCITE, ITE, MOVITE, KAUTC

STATEMENT

The last two years serving on the KCITE board has been a wonderful learning experience for me. I have had the opportunity to learn and build relationships with other professionals, gain technical experience by organizing training opportunities, managing the training committee and managing the bookkeeping for the organization. I hope to continue this experience as Vice President. I would like to continue to bring in a variety of speakers for Chapter Meetings that will help inform KCITE members of exciting projects or new practices being used in the traffic and transportation engineering fields in the Kansas City Metro.
