KCITE COMMITTEE INVOLVEMENT

Arrangements Committee – 2010/2011; 2016 (Chair)
Training Committee – 2012/2013; 2014 (Chair)

STATEMENT

I am currently running for the position of President on the KCITE Board. I really appreciate the opportunity over the last year to serve in the Vice President position! I've been busy as Chair of the Arrangements Committee working with our six members to select meaningful topics and venues for the 2016 Chapter Meetings. We've added mobile credit card payments as an option at our Chapter Meetings which has provided more flexibility for our members. We've partnered with the local Kansas City APWA Chapter and were able to raise $373 dollars in donations for Harvesters. It has been a pleasure supporting our current President, Kendra Miller! If elected to the President position, in addition to the normal duties of the President, I will work with our Board to continue to partner with other transportation professional organizations to host joint meetings so that we can share information and continue to expand our membership. Another primary role is work with our incoming Vice President to support them with anything they need.
