June 1998 – December 2008	George Butler Associates, Inc., Project Manager

PROFESSIONAL MEMBERSHIPS

ITE, MoVITE, KCITE, WTS, Mercury Alliance

STATEMENT

I am excited to be considered as a Member Director Candidate for KCITE. I have been a member of KCITE since it first began, and I have enjoyed watching it develop into the great chapter it has become. KCITE is a great organization that has provided me with invaluable networking, leadership, and learning opportunities. We have such a strong traffic engineering community in our metro area, and I am certain KCITE is a big reason for that.

I truly enjoy working with people towards a common goal. As a KCITE member, I have had the opportunity to serve on the Training Committee from 2014-2015, and am currently finishing my first year serving on the Arrangements Committee. Serving on these committees has given me a first-hand look of what the Chapter Board is responsible for. I understand the time commitment that KCITE will require, and I am looking forward to working with the Board on continuing the great work our Chapter is doing. Most importantly, I hope I can have the opportunity to give back to an organization that has given so much to me.
