- Member (2012-Present)

STATEMENT

I am excited to be considered as a Member Director Candidate for KCITE. I have enjoyed serving on the KCITE Arrangements Committee these past two years. It has been a great experience getting to know and work with other transportation engineers in our region. The Arrangements Committee has provided me great learning opportunities and insight as to the commitment needed to be an effective member. I embrace the challenge this board will face as we transition from a chapter to a section and I look forward to the opportunity to serve a positive role in that process.
