- Member (2012-Present)

STATEMENT

I am excited to be considered for the President in 2024. I have enjoyed serving on the Arrangements Committee and as Member Director, Secretary/Treasurer, and Vice President. It has been a great experience getting to know and work with other transportation engineers in our region. The Arrangements Committee provided great learning opportunities and insight as to the commitment needed to be an effective member. The Board positions have allowed me to get to know even more of the transportation engineers in our section and I look forward to continued roles in this KSITE organization.
