- Member
- Co-LAC Chair (2024 MOVITE Fall Meeting)

Institute of Transportation Engineers (ITE)
- Member

STATEMENT

My affiliation with KSITE dates to 2019, and during my time as a student at KSU, I proudly served as a member of the KSITE student chapter for a span of two years. I am now seeking a more active role within the organization. Through my prior engagements with the KSPE Tri-Valley chapter, where I served as a secretary for two years and as treasurer for another two years, I had the privilege of nurturing professional relationships and contributing to the board's efforts.

As Member Director, my focus will be on expanding the organization's membership and raising its profile. Furthermore, I eagerly anticipate collaborating with the training committee to offer pertinent training opportunities to our valued members. I am enthusiastic about partnering with fellow Chapter Officers to elevate the organization in the years ahead.
