ITE, KSITE, MoVITE

KSITE Planning Committee Member

STATEMENT

I've really valued my time as a KSITE member and am eager to continue contributing by serving as Section Representative. KSITE has given me great opportunities to grow professionally and connect with others in the transportation community.

Serving on the Planning Committee has helped me understand how the organization operates and the impact it has locally. That experience has strengthened my commitment to supporting KSITE's mission and encouraging continued involvement among our members.

As Section Representative, I look forward to being more active at the regional level through MoVITE and ITE, helping keep our section well-represented and engaged with others across the region. I'm excited for the chance to support KSITE's growth and uphold its strong tradition of service and professionalism.
