2011
Annual Chapter Report

Executive Summary

The Kansas City Chapter of ITE marked its eighth full year as an organization in 2011. KCITE further established itself in 2011 as the organization of choice for transportation professionals in the Kansas City metropolitan area. The bi-monthly chapter meetings were well-attended, presented a variety of topics and offered networking opportunities for professionals in both the public and the private sectors. KCITE also focused on providing multiple training options for its membership, offering the chance to increase professional knowledge and earn professional development hours. The KCITE Board continues to be excited about the chapter's future and credits the success of the chapter to the hard working individuals who have made a positive impact by forming such a strong chapter base.

The chapter boundaries were established in 2003 to include the major cities within a 70-mile radius of Kansas City. This resulted in a total of 14 counties within the chapter area – seven (7) in Kansas and seven (7) in Missouri. In addition to Kansas City, the cities of Lawrence, Topeka and St. Joseph were also included in the chapter boundaries. The inclusion of these nearby cities offers the opportunity for representatives from agencies, institutions and companies throughout the metropolitan area to be fully involved in a local connection to ITE. In addition to the local agencies, institutions and companies, the KCITE chapter also includes the University of Kansas (KU) and the University of Missouri – Kansas City (UMKC). The presence of local student ITE chapter(s) enables the KCITE chapter to foster and assist these student chapters which has been an ongoing goal of the organization.

The first year that chapter monies were budgeted for student chapter sponsorships was in 2008. In 2011, the chapter continued this allocation of money towards student chapter sponsorships as well as the support of activities increasing youth awareness of the engineering profession. The student collegiate chapters that can benefit from the sponsorships are the KU and UMKC student chapters. The KU chapter has seen good staff support and continues to grow. The UMKC chapter has unfortunately seen limited student involvement and the lack of staff support. KCITE continues to reach out to both organizations to provide support. The budget that is allocated to student sponsorships covers things such as free annual membership to the chapter, free attendance to the chapter meetings and reimbursement of transportation needed to attend chapter activities.

The Chapter continued to provide a web-based resource for members to more easily access meeting schedules and other information regarding the chapter. The website is updated on a regular basis and includes information such as meeting announcements, officers, history, technical committees, governance, past meetings and presentations and, when applicable, information on candidates during chapter elections. The website is located at ***www.kcite.org. Also, the chapter is providing most of the meeting materials electronically to its membership thereby saving resources where possible.***

In 2011, the **Excellence in Transportation Award** was awarded at the July chapter meeting. The award recognizes an organization for one or all of the following:

- Development of an innovative concept in transportation planning, design or operations;
- Innovative application of a proven concept in transportation planning, design or operations;
- Implementation of a "difficult" transportation program through perseverance in its development and promotion;
- A program or project having a significant affect on regional transportation;
- A multi-faceted transportation program or project, combining many innovative and/or well-applied concepts;
- A program or project promoting a major advance in the efficiency and/or economy of transportation.

The 2011 recipient of the annual award was City of Lee's Summit and Rhythm Engineering for the "***Real-Time Adaptive Traffic Control on Chipman Road" project.*** This project was a good example of some of the award criteria, including impact on regional transportation.

1. Administration

The 2012 elections were held in mid November and early December of 2011 and were administered by the Secretary / Treasurer through a commercial, on-line election service. The online election process was originally set up to ensure that each vote would be confidential and that no person could vote more than once. The Board expects to continue this process and anticipates that future elections will be handled in this fashion. This year Mike McKenna, Affinis, was elected to serve as Member Director and Chris Lockey, City of Kansas City, MO was elected to serve as Affiliate Director.

3. Arrangements Committee

The Arrangements Committee is a standing committee that is chaired by the Vice-President and includes the Affiliate Director and six (6) Chapter members who serve staggered two-year terms. The Arrangements Committee is responsible for the selection of topics for chapter meeting presentations, contacting speakers for those topics and arranging meeting venues. This year, Bill Kemle, the elected Affiliate Director relocated outside the KCITE chapter boundaries and had to forgo his position as the Affiliate Director. KCITE Board appointed Chris Lockey to the interim Affiliate Director position until the elections could be held for the open Board positions towards the end of the year, 2011.

5. Budget and Dues Structure

The annual dues for 2011 remained at $10 each for chapter members and chapter affiliates. Student members can become a member for free with an advisors support and are encouraged to do so. In 2011, the chapter did not have any student affiliates. With the addition of the designation of lifetime membership to the KCITE by-laws and policy manual in 2009, lifetime members are also offered free membership. The chapter had one (2) lifetime member in 2011. Annual dues are payable by January 1st of each year. The income from annual dues is used to support the various operations of the Chapter.

The 2011 budget was approved by the Board of Direction in late 2010 and by the the chapter meeting attendees on January 13, 2011. The original philosophy of the Board has been and remains to be that chapter meeting costs be fully supported by the fees charged for each meeting. The funds from annual dues have been used to support the other operations of the Chapter for items such as election costs, web site development and maintenance costs, door prizes, speaker gifts and awards. A copy of the budget is included in the Appendix of this report.

6. Membership

	2011	2010	2009	2008	2007	2006	2005	2004	2003
Total KCITE Members	123	121	119	147	138	120	121	98	70
Chapter Members	78	84	75	86	81	77	78	73	65
Chapter Affiliates	43	32	39	53	57	43	43	25	5
Lifetime Members	2	1	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Student Affiliates	0	4	5	8	N/A	N/A	N/A	N/A	N/A

Membership numbers have stayed fairly consistent the past few years. With the current economy we have seen the movement of members out of the metro area to find employment. We have also seen a decrease in employer support, with more members having to pay meeting fees without reimbursement and attend meetings without employer support. We attribute the relocation and job changes of members as well as a decrease in support from employers to the decrease in membership from the highs of 2007/2008. As an organization, a total membership of over 100 members is our goal, representing a large number of the local professionals. We continue to encourage student membership as well but, we have seen a drop in student membership. KCITE Board is looking at options to improve future student participation. As the economy improves we hope to see membership numbers increase as professionals find steady employment again. Additionally, as public agencies regain funding and the market improves for private consultants we hope the support for employees to attend organizations such as ours improves.

7. Financial Statement

A copy of the 2011 Annual Financial Statement can be found in the Appendix of this report.

2011 Financial Statement Summary	
Beginning Balance	$7,853.44
Income	$6,051.00
Expenses	$5,676.82
Ending Balance	$8,315.08
KCITE FEIN: 33-1083149	

8. Meetings

KCITE typically holds chapter meetings six (6) times a year on the second Thursday of every other month during the months of January, March, May, July, September, and November. Meeting locations vary and are sometimes dependent upon the meeting topic. The Arrangements Committee also strives to hold meetings in various parts of the chapter area to encourage attendance by all members regardless of location in the KC Metro area.

9. Meeting Attendance

Chapter Meeting	Total	Members	Students	Non-Members
January 13, 2011	50	47	0	3
March 10, 2011	61	58	0	3
May 5, 2011	47	37	0	10
July 14, 2011	76	62	0	14
September 8, 2011	52	45	1	6
November 10, 2011	52	51	0	1
Average Attendance:	56.3	50	0.2	6.2
Average Percentage of Membership Attending Each Meeting:				**40.60%**

10. Meeting Summary

A summary of the notices is included in the Appendix of this report. The chapter meeting notices and photos taken during each meeting are also included in the Appendix. The meeting dates, locations, speaker(s), topics and PDH's awarded for each meeting are included below:

Chapter Meeting	Location	Speaker	Topic	PDH's
January 13, 2011	Kauffman Foundation Conference Center, Kansas City, MO	Tom Gerend (MARC)	TIGER Grant - Kansas City Region	0.5
March 10, 2011	Lenexa Conference Center, Lenexa, KS	David Gurss (KDOT) and Jeff McKerrow (TranSystems)	US-56 Corridor Management Plan	1
May 5, 2011	Adams Pointe Golf Club, Blue Springs, MO	Steve Worley (DELCAN)	Innovative Quality Management	1
July 14, 2011	Cinzetti's Overland Park, KS	Skip Kalb (BNSF Railroad), Christopher Kinzel (HDR), and Ron Schikevitz (Burns & McDonnell)	BNSF Intermodal Facility - Impacts on Transportation	1
September 8, 2011	Golden Ox, Kansas City, MO	Phil Pasterak (Parsons Brinckerhoff)	High Speed Rail - National and Midwest Perspective	1
November 10, 2011	Johnson County Library, Overland Park, KS	Norm Bowers (Kansas Association of Counties), Lynn Berges (KDOT), and Randy Gorton (BHC Rhodes)	Opening a Toolbox: Road Safety Audit	1

11. Student Chapter Activities

KCITE supports two local student chapters. The KU chapter is an established student chapter and had been actively participating in chapter meetings and KCITE-sponsored training opportunities. KU students were also involved with the 2010 spring MOVITE meeting, serving on planning committees, volunteering at the meeting, and attending trainings.

UMKC students and staff worked to start a chapter a few years ago, however with staff and student transitions we have not seen growth of the UMKC chapter. The engineering program is small and getting faculty support and student interest in a student organization has been difficult. KCITE continues to reach-out to the University and to offer students and faculty to attend meetings and get involved with KCITE. We hope that in the future a stronger student chapter can be established and that our chapter can continue support of those students.

The budget that is allocated to student sponsorships covers things such as free annual membership to the chapter, free attendance to the chapter meetings and reimbursement of transportation needed to attend chapter activities. KCITE also offers all training activities to students, often for no cost. To obtain free members, students are asked to fill out a membership formed by a faculty advisor.

In 2011, there were no student affiliates registered as members of KCITE's organization. We only had 1 student that attended a chapter meeting this year, we feel that it is partially due to student schedules conflicting with our meeting times (students typically are not in school for the January and July meetings) and that the KU chapter is more active on campus. We support this increased activity on campus (the student chapter meets regularly) and provide assistance as requested through speaker coordination and professional representation at meetings as requested.

In addition to support of the local collegiate chapters, the KCITE board continues to investigate ways to encourage and educate youth regarding opportunities in transportation and traffic related fields. In 2010, KCITE was contacted regarding being a sponsor for the Future City competition. The Future City competition is for sixth, seventh and eighth grade students in the Great Plains region. The students develop a City using SimCity, write an essay, build a physical model, and present to judges the day of the competition. The KCITE board decided to sponsor an award that recognizes a student team that best exemplifies an innovative transportation system in their future city. The competition was held in early 2011, and KCITE is proud to start and continue its involvement with this project. KCITE hopes to continue finding more opportunities such as this to encourage the engineering profession to local youth. Funding for this sponsorship is in part available due to the support of MOVITE and sharing of the profits from the spring 2010 MOVITE meeting, hosted by KCITE.

12. Community Awareness and Involvement Activities

The fourth annual KCITE food drive was held during the July chapter meeting. We collected 336 cans of food for our community which is an increase from the previous years' collection. The food that was collected was donated to Harvesters, the Kansas City's food bank. To encourage the membership to participate, those donating food were provided a meeting discount. Additionally, a friendly competition was encouraged between the member agencies. The agency/company that donated the largest amount of food per person was BHC Rhodes. A special thanks was extended to all of our members for making this event such a great success, and the KCITE Board plans to continue to make this an annual event. A copy of the flyer that was used to advertise this event is included in the Appendix.

13. Technical Activities

KCITE hosts training opportunities throughout the year. Training locations vary and are dependent upon current interest within the KCITE community. KCITE uses web seminars sponsored by ITE and other professional organizations such as ASCE and

FHWA to meet our annual training goal. Sponsorship of training events from public agencies and private companies is encouraged to minimize expenses and is often offered at no cost to the attendee.

The annual goal according to KCITE's Policy Manual is to provide our members with the opportunity to receive at least 15 PDHs per year through chapter meetings and sponsored training events. During 2011, a total of about 32 PDHs were offered to KCITE members and affiliates through chapter meetings and sponsored training opportunities.

Based on the interest from the membership about the updates to the Highway Capacity Manual and Accessible Pedestrian Signals, KCITE teamed up with public and private agencies and provided the following training opportunities:

Date	Title	PDHs	No. of Attendees	Location	Sponsor
01/12/11	2010 HCM Workshop	6	45	Burns & McDonnell, Kansas City, MO

A summary of the training opportunity notices is included in the Appendix of this report .

14. Awards Program

In 2004, the Chapter established an **Excellence in Transportation Award** that is presented annually to an organization(s) for an outstanding transportation project in the chapter area. The award is structured very similarly to the award sponsored by MOVITE. In 2011, the seventh recipient of the KCITE Excellence in Transportation Award was City of Lees Summit, MO and Rhythm Engineering for the successful application of "***Real-Time Adaptive Traffic Control on Chipman Road***".

Real-time adaptive traffic control was installed at 15 busy intersections in Lees Summit, MO. By adapting to traffic demand, the adaptive system reduced travel time on the Chipman Rd corridor by as much as 55 percent. This project was a successful coordination between federal, state, local government and private industry and has had an impact on regional transportation.

Lideana Laboy presents Lees Summit, MO and Rhythm Engineering representatives with the KCITE Excellence in Transportation Award.

A copy of the Call for Nominations announcement is included in the Appendix of this report. Additional photos are included with the July meeting photos.

15. Chapter Website

The KCITE board has continued to focus on the chapter website and development of a source for members and non-members to find information on local activities. The website is utilized to publicize all chapter meetings, training activities, and other events. Visitors to the site can find chapter meeting agendas, minutes, presentations, board and committee member listings, contact information for board members, and other information.

A member of the chapter, Gnani Mahalingam, has graciously donated his services for several years organizing and assisting the board with the website operations. Gnani held a training with several of the board members to educate the board on how to post to the website and best utilize this resource. The board and chapter are very appreciative of Gnani and his dedication to assisting the chapter.

During 2011 the board implemented to have a single e-mail to use for all chapter e-mails. KCITE board members can now communicate with the chapter regarding upcoming events using the email address info@kcite.org. This e-mail address is being used to contact membership regarding chapter activities, collect registrations for chapter events, and provide a single point of contact for those interested in more information regarding KCITE.

The KCITE board is continually looking for ways to better serve our membership, to most efficiently use the funds we have available, and improve chapter operations. This year we focused on being “green” by better serving our membership regarding the dispersal of chapter meeting agendas and receipts. In an effort to better serve the membership and go green (save resources) in 2010 we had started e-mailing certificates of attendance to members attending the trainings and chapter meetings. Now, we have extended this further in 2011 by also providing agendas and receipts electronically. However, based on the request from the membership to continue receiving paper receipts at the meetings, we are planning to revert to the paper receipts.

16. Coordination with MOVITE

KCITE as an organization is in a unique situation as we encompass not only multiple local jurisdictions (City’s) but also two states. With membership on both sides of the state line we have the opportunity to work with both the Missouri and Kansas directors who coordinate and provide a direct link to MOVITE. Both Mike Wahlstedt (Missouri) and Guy Alon (Kansas) have worked with the board to inform us of MOVITE activities, offer support, and gather ideas of how MOVITE can assist KCITE (and KCITE support MOVITE). We look forward to continuing this relationship and assisting the directors in achieving their goals.

Overland Park, Kansas 66211

Dear Ms. Laboy,

I would like to take this opportunity to thank you for your $100 contribution to the 2011- 2012 Future City Competition. Your contribution helped give sixth, seventh & eighth grade students the opportunity to find out how engineering shapes the world around them and to learn how the city they live in and the environment around them are affected by the decisions of engineers every day.

We appreciate your continued interest in the Future City Competition; we could not provide this opportunity to students without the generous contribution of organizations like Kansas City Institute of Transportation Engineers.

Thank you for your support,

Charlene Morris

NCHRP Accessible Pedestrian Signals Workshop - March 31, 2011

City of Kansas City, MO and KCITE invite you to the following NCHRP workshop:

Title: **Accessible Pedestrian Signals**

Speakers: Daniel L. Carter and Janet M. Barlow

Date: Thursday, March 31 , 2011
Time: 8:30 am - 4:00 pm (Central Time)
Fee: Free
Location: KCMO Health Department Auditorium (basement level), 2400 Troost, Kansas City, MO 64108 (MAP)
Parking: Off-street parking is available in front of the building. Carpooling is encouraged!

Lunch will not be provided. Food is not allowed into the auditorium. There will be a 1 hour break in the program for participants to get lunch on their own.

The Accessible Pedestrian Signals workshop was developed under the National Cooperative Highway Research Program (NCHRP) Project 3-62 (Guidelines for Accessible Pedestrian Signals). The goal of Project 3-62 was to develop guidance regarding recommended and optional characteristics of accessible pedestrian signals (APS) to optimize safe and independent crossing at signalized intersections by pedestrians who are blind. Participants may be eligible for 6 professional development hours (PDH). For more information, please refer to the APS Workshop Document.

Please RSVP to Ray Webb at **info@KCITE.org** by Thursday, March 24, 2011 if you plan to attend.

Electronic copy of the handouts provided at the workshop are available at NCHRP APS Workshop Handouts. Please refer to WWW.APSGUIDE.ORG for detailed information about APS signals.

Call for Nominations
2010 KCITE Excellence in Transportation Award

The KCITE *Excellence in Transportation Award* is offered annually to an organization (government agency, legislative body, consulting firm, industry and other private-sector organization) in the categories of transportation planning, operations and facilities located within the Chapter boundaries.

The Award will recognize an organization for one or all of the following:

- Development of an innovative concept in transportation planning, design or operations;
- Innovative application of a proven concept in transportation planning, design or operations;
- Implementation of a "difficult" transportation program through perseverance in its development and promotion;
- A program or project having a significant effect on regional transportation;
- A multifaceted transportation program or project, combining many innovative and/or well-applied concepts;
- A program or project promoting a major advance in the efficiency and/or economy of transportation.

Nominations are due March 31st, 2011. The nomination should include two cover letters (addressed to KCITE and MOVITE* separately), name(s) of the nominated organization(s), description of the achievement (a minimum of five double-spaced letter size pages) and supporting material, including reports, newspaper articles, photographs, etc. Total length of nomination, including supporting documentation, is not to exceed 20 letter size pages. The submission should include two paper copies of the manuscript plus two copies in Adobe pdf format on compact discs. Any member of the organization may submit nominations. However, at least one member of the organization must be a member of KCITE. Nominations shall be submitted to the KCITE Chapter President no later than March 31st, 2011. The mailing address is as follows:

ATTN: KCITE - Excellence in Transportation Award
Lideana Laboy, P.E.
BHC Rhodes
6363 College Blvd., Suite 500
Overland Park, Kansas 66211

The President will appoint a review board. All nominee's will prepare a foam board display not too exceed 30" x 42" for display at the July chapter meeting. Nominees and the winner of the Excellence in Transportation Award shall be recognized at the July chapter meeting. Nominations received will also be submitted to MOVITE for consideration for the MOVITE Transportation Achievement award*. A suitable article about the achievement will be prepared by the review board and submitted for publication in the MOVITE Journal and on the KCITE Web Site following presentation of the award.
