2013
Annual Chapter Report

Executive Summary

The Kansas City Chapter of ITE (KCITE) celebrated its tenth full year as an organization in 2013. KCITE further established itself in 2013 as the organization of choice for transportation professionals in the Kansas City metropolitan area. The bi-monthly chapter meetings were well-attended and presented a variety of topics that appealed to professionals in both the public and the private sectors. KCITE also provided multiple training events for its membership, offering more in depth and specific training opportunities. In April, KCITE hosted the MOVITE 2013 Spring Meeting in Kansas City, providing additional local opportunities for our membership to expand their knowledge and network with other transportation professionals. These events created ample opportunities for our membership to network and obtain professional development hours. The KCITE Board continues to be excited about the chapter's future and credits the success of the chapter to the hard working individuals who have made a positive impact by forming such a strong chapter base.

The chapter boundaries were established in 2003 to include the major cities within a 70-mile radius of Kansas City. This resulted in a total of 20 counties within the chapter area – ten (10) in Kansas and ten (10) in Missouri. In addition to Kansas City, the cities of Lawrence, Topeka and St. Joseph were also included in the chapter boundaries. The inclusion of these nearby cities offers the opportunity for representatives from agencies, institutions and companies throughout the metropolitan area to be fully involved in a local connection to ITE. In addition to the local agencies, institutions and companies, the KCITE chapter also includes the University of Kansas (KU) and the University of Missouri – Kansas City (UMKC). The presence of local student ITE chapters enables KCITE to foster and assist these student chapters which has been an ongoing goal of the organization.

In 2013, the chapter continued allocating money for student chapter sponsorships as well as the support of activities increasing youth awareness of the engineering profession. The student collegiate chapters that can benefit from the sponsorships are the KU and UMKC student chapters. The KU chapter has seen good staff support and continues to grow. The UMKC chapter has unfortunately seen limited student involvement and the lack of staff support. KCITE continues to reach out to both organizations to provide support. The budget that is allocated to student sponsorships covers things such as free annual membership to the chapter, free attendance to the chapter meetings, and reimbursement of transportation needed to attend chapter activities. KCITE also supported students at the 2013 MOVITE Spring Meeting by sponsoring nearly all of their registration costs.

For the past four years, KCITE has sponsored the Great Plains (Kansas, Missouri, and Colorado) Future City Competition where students of 6th, 7th, and 8th grades participate in a national competition to build a future city. The chapter has awarded the KCITE Innovation in Transportation Award to the team that shows innovations in transportation in the creation of their team's future city. The chapter scholarship funds

make possible continued support of students while increasing awareness of the transportation profession.

In 2013, the Excellence in Transportation Award was awarded at the July chapter meeting. Each year the award is presented to an organization (government agency, legislative body, consulting firm, industry and other private-sector organization) in the categories of transportation planning, operations and facilities located within the Chapter boundaries. The recipient of the annual award was the Missouri Department of Transportation (MoDOT) for the “Front Street and I-435 Diverging Diamond Interchange” project. This innovative project led the way for many more diverging diamond interchanges that have followed it. The project increased the capacity and safety of the interchange for a fraction of the cost of reconstructing a conventional interchange.

In 2013 the Chapter enhanced its website to better serve its members and provide more functionality to the board. KCITE entered into an agreement with a vendor called StarChapter to host and create a new website for the Chapter. The new website continues to be a source for members and non-members to find information on local activities. Members can now log in directly to the website to register for events, change contact information, and to pay for events and memberships. The website can be found at www.kcite.org. The cost of utilizing StarChapter’s services was paid for by selling sponsorships.

KCITE assisted MOVITE by co-sponsoring the MOVITE 2013 Spring Meeting, which was held in Kansas City on April 24 to 26, 2013. The entire local arrangements committee for the meeting consisted of KCITE members, several of which are also Board members. The well attended meeting combined networking opportunities with a wide variety of presentation topics.

1. Administration

KCITE Chapter is governed by the Chapter Board of Direction. The officers consist of the President, Vice President, Secretary/Treasurer, Member Director, Affiliate Director, and the Past President. Each year a chapter member is elected for the board to occupy the position of Member Director and every two years an affiliate member is elected for the position of Affiliate Member Director. Elections are conducted every year during the month of November and candidates for the Director positions are open for any member or affiliate member of the private or public sector. The following year the Member Director is moved to Secretary/Treasurer Officer Position. Likewise the other officers move up to the next officer position until becoming the Past President. The exception to this is the Affiliate Member Director, who serves a two-year term on the Board.

In 2012, the Member Director position was up for election. The Member Director was to be elected among the membership of the public sector. To keep a balance of representation from the public and private sectors, candidates for the director positions alternate between the two sectors during each election cycle. The 2012 elections were held in mid November and early December of 2012 and were administered by the Secretary/Treasurer through a commercial, on-line election service that has been used by KCITE for four years now. The online election process was originally set up to ensure that each vote would be confidential and that no person could vote more than once.. Kendra Stevenson, Kansas Department of Transportation (KDOT), was elected to serve as Member Director for 2013.

In November and December of 2013, KCITE conducted elections for the year 2014. This year the position of Member Director was up for election from the private sector and the position of Affiliate Member Director from an affiliate member of the private sector. David Church, Parsons Brinckerhoff, was elected as Member Director and Shawn Batalia, Mid America Signal was elected as Affiliate Member Director for the 2014 Board of Direction.

2. Chapter Officers

Position	2013 Officers	2014 Officers
President	Joe Blasi	Raymond Webb
Vice President	Raymond Webb	Mike McKenna
Secretary/Treasurer	Mike McKenna	Kendra Stevenson
Member Director	Kendra Stevenson	David Church
Affiliate Director	Chris Lockey	Shawn Batalia
Past President	Jeff Wilke	Joe Blasi

2013 KCITE Board of Direction
From the Left: Jeff Wilke, Mike McKenna, Kendra Stevenson, Ray Webb, Chris Lockey, and Joe Blasi

3. Arrangements Committee

The Arrangements Committee is a standing committee that is chaired by the Vice-President and includes the Affiliate Director and six (6) Chapter members who serve staggered two-year terms. The Arrangements Committee is responsible for the selection of topics and venues for chapter meeting presentations. Coordination with the speakers and venues is also the responsibility of the committee Despite the rising costs for food and venues, the committee worked hard to keep meeting costs in line with what our membership is used to, while providing excellent meeting locations, food and interesting technical topics.

2013 Arrangements Committee Members
Ray Webb – Vice President
Chris Lockey – Affiliate Director
Kristen Skinner
Charlotte Lewin
Brian Geiger
Bruce Baldwin
Laurel McKean
Josh Thiede

4. Training Committee

The Training Committee is a standing committee that is chaired by the Member Director and includes six (6) Chapter members who serve staggered two-year terms. The Training Committee is responsible for the selection of topics for additional training

events held separate from the chapter meetings and for the coordination of these training events.

2013 Training Committee Members
Kendra Stevenson – Member Director
Mandy Anderson
David Church
Kendra Stevenson
Michael Hare
Lindsay Harris
Sara Peters

5. Budget and Dues Structure

The 2013 budget was approved by the Board of Direction in late 2012 and by the chapter meeting attendees on January 17, 2013. The original philosophy of the Board has been and remains to be that chapter meeting costs be fully supported by the fees charged for each meeting. The funds from annual dues have been used to support the other operations of the Chapter for items such as election costs, web site costs, door prizes, speaker gifts and awards. A copy of the 2013 proposed KCITE budget is included in the Appendix of this report.

The annual dues for 2013 remained at $10 each for chapter members and chapter affiliates. Students can become members for free with an advisor's support and are encouraged to do so. In 2013, the chapter had one student affiliate. With the addition of the designation of lifetime membership to the KCITE by-laws and policy manual in 2009, lifetime members of ITE are also offered free membership in KCITE. The chapter had 2 lifetime members in 2013. The income from annual dues is used to support the various operations of the Chapter.

6. Membership

In 2013, we experienced an increase in membership. Some of the increase can be attributed to our new website, which makes it easy to pay for membership and check membership status. We anticipate that our membership will continue to grow as the Board becomes more proficient with the features and capabilities of new website. For instance, the website will make it easier for the Board to identify and contact prospective members and encourage them to join.

Membership	2013	2012	2011	2010	2009	2008	2007	2006	2005	2004	2003
Total KCITE Members	123	112	123	121	119	147	138	120	121	98	70
Chapter Members	68	71	78	84	75	86	81	77	78	73	65
Chapter Affiliates	52	37	43	32	39	53	57	43	43	25	5
Lifetime Members	2	0	2	1	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Student Affiliates	1	4	0	4	5	N/A	N/A	N/A	N/A	N/A	N/A

7. Financial Statement

The KCITE Financial Statement is a summary of the income and expenses that the Chapter incurred during the year. The statement includes all financial transactions from the end of 2012 to end of 2013. The 2013 Annual Financial Statement is included in the Appendix and is summarized below.

2013 Financial Statement Summary	
Beginning Balance as of 12/31/2012	$9,372.03*
2013 Total Income	$11,366.92
2013 Total Expenses	$10,544.85
Ending Balance as of 12/31/2013	$10,194.10
KCITE FEIN: 33-1083149	

* Amount includes $1,655.80 reserved in a student sponsorship account

The separate student sponsorship account was closed in 2013. The account was originally established from the profit resulting from the 2010 MOVITE meeting that KCITE co-sponsored. The student sponsorship account was depleted in 2013 by contributions to Future City and sponsorship of students at the 2013 MOVITE Spring meeting.

In the future, KCITE plans to continue to contribute and participate in Future City and look for other ways to support students. Those expenditures will be from the KCITE operating account. Maintaining one account will reduce bank fees and recordkeeping in future years.

8. Meetings

KCITE typically holds chapter meetings six (6) times a year on the second Thursday of every other month during the months of January, March, May, July, September, and November. Many KCITE members were involved with hosting the MOVITE Spring Meeting in late April, therefore a chapter meeting was not held in May of 2013. KCITE members were instead encouraged to attend the MOVITE meeting. Meeting locations

vary and are sometimes dependent upon the meeting topic. The Arrangements Committee also strives to hold meetings in various parts of the chapter area to encourage attendance by all members regardless of location in the KC Metro area.

Chapter Meeting Date	Total	Members & Affiliate Members	Students	Non-Members
January 17, 2013	47	41	0	6
March 14, 2013	43	41	0	2
July 11, 2013	59	45	0	14
September 12, 2013	67	51	0	16
November 14, 2013	65	51	0	14
Average Attendance	**57**	**46**	**0**	**10**
Average Percentage of Membership Attending Each Meeting				**37%**

9. Meeting Summary

A summary of the meeting notices is included in the Appendix of this report. The chapter meeting notices and photos taken during each meeting are also included in the Appendix. The meeting dates, locations, speaker(s), topics and PDH's awarded for each meeting are included below.

Chapter Meeting Date	Location	Speaker	Topic	PDH
January 17, 2013	Kauffman Foundation Kansas City, MO	Brian Coon (City of Wichita)	The Legal Side of Transportation	1
March 14, 2013	Cinzetti's Restaurant Overland Park, KS	Sean Connolly (Neighbor.ly)	Crowd Funding for Transportation Projects	0.5
July 11, 2013	Matt Ross Community Center Overland Park, KS	Jason Sims (KC Scout)	Fighting Congestion with Ramp Metering and Technology	1
September 12, 2013	Black on Burlington Kansas City, MO	Jason Waldron (City of Kansas City) Jason Meyers (Burns & McDonnell)	Kansas City Downtown Street Car	1
November 14, 2013	Plaza III Restaurant Kansas City, MO	Earl Newman (ENA)	KCITE 10th Anniversary	1
			TOTAL	4.5

At the November chapter meeting, we celebrated the 10th Anniversary of KCITE. An excellent three course meal was served in a private dining room at one of the great

steakhouses of Kansas City, Plaza III. Earl Newman gave a presentation celebrating the history of KCITE and the role it has played in ITE and in our area. The meeting was well attended, and included five past presidents.. The additional cost of the meeting was paid for from the profit that resulted from the MOVITE 2013 Spring Meeting.

Earl Newman Reads a Resolution from ITE commemorating the 10th Anniversary of KCITE to the Past Presidents in Attendance at the November Chapter Meeting

10. Community Awareness and Involvement Activities

The sixth annual KCITE food drive was held during the July chapter meeting. We collected ***196 cans of food*** for our community which is an increase from the previous year's collection of 166 cans. The food that was collected was donated to Harvesters, the Kansas City's food bank. To encourage the membership to participate, those donating food were provided a coupon for a discounted fee to a future chapter meeting. Additionally, a friendly competition was encouraged between the member agencies. ***The agency/company that donated the largest amount of cans was Olsson Associates who brought 84 cans***. Special thanks was extended to all of our members for making this event such a great success, and the KCITE Board plans to continue to make this an annual event.

11. Technical Activities

KCITE hosts various technical or training activities throughout the year. Training locations vary and are dependent upon current interest within the KCITE community. The annual goal according to KCITE's Policy Manual is to provide our members with the opportunity to receive at least 15 PDHs through chapter meetings and training activities. A summary of the training opportunity notices is included in the Appendix of this report.

In the past, KCITE training activities have generally been web seminars, which are presented by ITE and other professional organizations such as ASCE and FHWA. The training committee selects relevant web seminars and arranges locations for the web seminars to be viewed by groups. Sponsorship of training activities by public agencies

and private companies is encouraged to minimize expenses, as trainings have typically been offered at no cost to the attendee.

The Board and training committee have noticed a trend of fewer original or relevant web seminars being offered. We are noticing that some web seminars are provided free of cost, so they are easily accessible from personal computers. Therefore, our members may chose to listen to web seminars directly from their office as opposed to traveling to a site to watch the same web seminar. As a result of these trends, KCITE has shifted our focus toward more workshop type training activities.

Workshops or other training activities developed by the committee often require a significant amount of planning time and preparation, similar to a chapter meeting. The Highway Safety Manual workshop was one such event held in 2013. While the event did not occur in 2013, the training committee made arrangements for the Highway Capacity Manual workshop. This workshop will occur in early 2014 and the registration is off to a fast start.

Event Date	Title	Location	Sponsors	PDH	No. of Attendees
January 9 - 10, 2013	Highway Safety Manual Workshop	Lawrence, KS	Kansas LTAP & KCITE	14	29
April 4, 2013	Road Diet Presentation and Walking Tour	Grandview, MO	City of Grandview, BHC Rhodes, & KCITE	1.5	22
May 13, 2013	Paramics and Dynameq Presentation	HNTB Kansas City, MO	HNTB & KCITE	2	7
August 15, 2013	KDOT I-35 Smart Work Zone	HNTB Kansas City, MO	HNTB & KCITE	3	14
			TOTAL	**20.5**	**72**

12. Student Chapter Activities

KCITE supports two local student chapters. The University of Kansas (KU) chapter is an established student chapter and several students have attended and presented at chapter meetings and KCITE-sponsored training opportunities in previous years. In 2013, KCITE had one student affiliate member from KU. We feel that participation on Chapter meetings can be difficult for students because of travel and they may be in conflict with class schedules. KCITE supports the student chapter's activities on campus (the student chapter meets regularly) and provides assistance as requested through speaker coordination and professional representation at meetings.

University of Missouri Kansas City (UMKC) students and staff worked to start a chapter several years ago, however with staff and student transitions we have not seen growth of the UMKC chapter. The engineering program is small and getting faculty support and student interest in a student organization has been difficult. KCITE continues to reach-out to the University and to encourage students and faculty to attend meetings and get involved with KCITE. We hope that in the future a stronger student chapter can be established and that our chapter can continue support of those students.

KCITE continues to offer student sponsorship in the form of free annual membership to the chapter, free attendance to the chapter meetings, and reimbursement of transportation needed to attend chapter activities. KCITE also offers all training activities to students, for a reduced fee or no fee at all. KCITE also supported students at the 2013 MOVITE Spring Meeting, by sponsoring nearly all of their registration costs.

In addition to support of the local collegiate chapters, the KCITE board continues to investigate ways to encourage and educate youth regarding opportunities in transportation and traffic related fields. KCITE continues to sponsor for Future City competition. The Future City competition is for sixth, seventh and eighth grade students in the Great Plains region. The students develop a City using SimCity, write an essay, build a physical model, and present to judges the day of the competition. For the last four years the KCITE board has sponsored an award that recognizes a student team that best exemplifies an innovative transportation system in their future city. The competition was held in early 2013, and KCITE is proud to continue its involvement with this event.

13. Awards Program

In 2004, the Chapter established the KCITE Excellence in Transportation Award that is presented annually to an organization(s) for an outstanding transportation project in the chapter area. The award is structured very similarly to the award sponsored by MOVITE. In 2013, the eighth recipient of the KCITE Excellence in Transportation Award was the Missouri Department of Transportation for the “Front Street and I-435 Diverging Diamond Interchange” project.

Completed in May 2012, the I-435 and Front Street diverging diamond interchange now functions smoothly, a sterling example of innovative thinking, public involvement and collaborative planning with stakeholders in mind. The I-435 and Front Street diverging diamond interchange (DDI) proved to be far superior to all other interchange improvements considered at the former diamond interchange. It was built for $8.1 million, at a small fraction of the cost of reconstructing the interchange as a larger, conventional diamond or a single-point urban interchange. Construction created minimal disruptions, as it was done entirely under traffic, without major lane or ramp closures. The DDI concept proved effective during construction when traffic conditions improved after the traffic pattern was changed to a single lane DDI; even before the entire project

was complete. This retrofit project had many challenges, including maintaining access, aggressive construction schedule, and utility impacts just to name a few.

14. Chapter Website

One of the biggest changes for KCITE in 2013 was a new website. KCITE entered into an agreement with a vendor called StarChapter to host and create a new website for the chapter. StarChapter markets its services to local volunteer run chapters of professional organizations. The service allows the board to conduct several of our different functions through the new website. Our e-mails, meeting and training event registration, elections and data storage are all accessed through the website, instead of the separate platforms that were previously used. It took the board some time and effort to learn how to use the services that StarChapter provides and how to incorporate them into our existing practices.

The new website continues to be a source for members and non-members to find information on local activities. The website can be found at www.kcite.org. The website is utilized to publicize all chapter meetings, training activities, and other transportation related events or trainings. Visitors to the website can find chapter meeting agendas, minutes, previous presentations, board and committee member listings, contact information for board members, and other information.

The most significant change that has come from the new website is that a profile is created for each member. Members are assigned a user name and password, allowing them to log in to the website using their profile. Once logged in, members can register for events or update membership information. That information is instantly updated and stored in a location and format that is easy for the board to access. Several other beneficial features have included the ability to pay for meetings and memberships by credit card. Microsoft Outlook appointments can be generated for events so they can be added to calendars. The board can easily generate reports about meetings, attendance, memberships, and dues from a secure administrative section of the website. There are many more features in StarChapter that can be implemented by KCITE. These features should lead to more improvements to the website and benefits to the membership in the future as the board becomes more familiar with the service.

There were several fees associated with the change to StarChapter. A one-time set up fee was charged to create our new website in StarChapter. Monthly fees are also incurred for ongoing support, operation and maintenance of the website. These fees were paid from KCITE's regular operating budget, and through the sale of sponsorships. For the first time, KCITE sold sponsorships for $100 each to 14 consulting companies who have members involved in KCITE. Sponsors logos are displayed on the website with a link to their company's website, and the logos are displayed on the presentation screen before chapter meetings.

15. Coordination with MOVITE

KCITE as an organization is in a unique situation as we encompass not only multiple local jurisdictions (City's) but also two states. With membership on both sides of the state line we have the opportunity to work with both the Missouri and Kansas directors who coordinate and provide a direct link to MOVITE. Both Martin Gugel (Missouri) and Guy Alon (Kansas) have worked with the Board to inform us of MOVITE activities, offer support, and gather ideas of how MOVITE can assist KCITE (and KCITE support MOVITE). We look forward to continuing this relationship and assisting the directors in achieving their goals.

One major way that KCITE assisted MOVITE was by co-sponsoring the MOVITE 2013 Spring Meeting, which was held at the Westin Crown Center hotel in Kansas City on April 24 to 26, 2013. The entire local arrangements committee for the meeting consisted of KCITE members, several of which are also current or former Board members. The local arrangements committee members were Lideana Laboy, Srinivasa Veeramallu, Mandy Anderson, Shannon Jeffries, Ray Webb, Mike Wahlstedt, Amy McCurdy, Chris Lockey, and Jason Sims.

The technical sessions of the meeting had more than 120 attendees. Approximately 75 emergency responders and ITS professionals joined the technical session on the afternoon of April 25th for the KC Scout Symposium presentations. Dual tracks of presentations were offered throughout both days of the technical sessions. In total 38 speakers gave 27 presentations during the Spring Meeting, providing as many as 12.5 professional development hours for meeting attendees. Conference attendees were joined by other professionals for the golf tournament held at the historic Swope Memorial Golf Course, a technical Workshop, and a social event held at Union Station. Guided tours were provided of this Kansas City landmark built in 1914.

"Road Diets" have been used by communities for a number of years with a variety of objectives. In Grandview Missouri the City has embarked on a seven phase project to renew its "Main Street" and a key component of several of those phases is implementation of a road diet. "Save the date" April 4, 2013, so that you can join us in Grandview to hear about the uses of road diets on Grandview's projects and to take a walking tour of Main Street to observe the outcome of the first two phases of the improvement project. At a time when we are working to make streets more livable, see how road diets can help achieve that outcome as well as other traffic management objectives.

Topic: Road Diet Presentation and Walking Tour
Speakers: Dennis Randolph, P.E., Director of Public Works, City of Grandview, MO
Randall Gorton, P.E., Project Manager, BHC Rhodes

Date: Thursday, April 4, 2013

Description: This free webinar will provide an overview of the Kansas Department of Transportation's first major work zone ITS project, a Smart Work Zone on I-35 near Kansas City, Kansas. The Smart Work Zone system includes portable changeable message boards, portable cameras, portable traffic sensors, and portable variable speed limit signs to comunicate construction traffic information to drivers on I-35. The system will be active at the time of the webinar. Presentations will cover a national overview on Smart Work Zone technology, details on the I-35 project, and a demonstration of the JamLogic Software.

Speakers:

- Rob Odom: VP ITS Operations at Ver-Mac
- Kristina Ericksen: Traffic Control Engineer at KDOT
- Scott McReynolds: Olathe Construction Engineer at KDOT

Lunch: You are welcome to bring a sack lunch to enjoy during the webinar. Drinks will be provided.

PDH Credits: 3 PDH credits will be offered for this webinar.
